

Welcome to Puppy Kindergarten

Please bring the following items to class:

- Washable mat, towel or small blanket used to practice “settle”
- **Kong** or hollow bone pre-filled at home with soft treats and cheese, peanut butter etc. to teach quiet relaxation and sharing in the presence of people and other pups.
- A **generous** amount of **soft** treats the size of peas. Bring a variety. A bait bag may be helpful and can be purchased at the school. We also carry a variety of soft treats. Please do not feed your pup less than 2 hours before class and only feed ½ the usual amount.
- Have your puppy wear a buckle collar or harness, no choke chains or pinch collars. Front-clip training harnesses can be purchased at the school. A 4 or 6 ft. leash is acceptable, no flexi-leashes.
- A dog brush

Please toilet your dog prior to entering the building and ½ way through class as bladders are small and the excitement great. There is a bucket on the side of the building for poop. It is a school policy that you please clean up after your dog!!!

When entering the building keep your puppy on a short leash and away from other dogs, as some are working on manners or may be grumpy with youngsters.

Recommended training books and or DVD's are available to purchase for those who may need or want further information.

Thank you for choosing **Joseph's Obedience Training School**.
