Welcome to Basic Obedience ~ Level 1

Please bring the following items to your first class:

- Washable mat, towel or small blanket used to practice "settle"
- **Kong** or hollow bone pre-filled at home with **soft** treats (cheese, peanut butter etc.) to teach quiet relaxation and sharing in the presence of people and other pups.
- A **generous** amount of **soft** treats the size of peas. A variety is good!
- A bait bag may be helpful and can be purchased at the school. We also carry a variety of soft treats. Please do not feed your dog less than 1 hour before class and feed half the usual amount.
- Have your dog wear a buckle collar, Martingale collar or harness. No choke chains or pinch collars. Front-clip training harnesses can be purchased at the school. A 4 or 6 ft. leash is acceptable; no flexi-leashes.
- A dog brush

Please toilet your dog prior to entering the building and halfway thru class . There is a bucket on the side of the building for waste. It is a school policy that you **please clean up after your dog!**

When entering the building, please keep your dog on a short leash and away from other dogs, as some are working on manners. Recommended training books and/or DVD's are available to purchase for those needing or wanting additional information.

Thank you for choosing Joseph's Obedience Training School
